

**2-PART POWDER
NUTRIENT**

**MADE IN
CALIFORNIA**

**HIGH QUALITY
HIGH YIELDS**

**OUR RESEARCH
YOUR RESULTS**

TRADE A SEA OF LIQUID FOR TWO POWDERS.

Our standalone formula contains all the essential macro and micronutrients that would typically take several bottles of liquid. Powder makes everything smoother. So streamlining your grow is as simple as adding water.

CRAFTED FOR SIMPLICITY.

Specially made for proportionate mixers and fertigation systems. The two-part powder maintains a consistent balance as a stock concentrate, so managing EC has never been easier. Let our research work harder so you can grow smarter.

2-PART POWDER NUTRIENT.

DOS. SIMPLE AS A+B.

RESEARCH**

THE BETTER BASE IS HERE.

More concentrated.
A better price point. Already the cleanest, most stable nutrient, today's DOS makes every part of your grow even easier.

A 1:1 RATIO KEEPS IT SIMPLE.

1 LB of powder to 1 gallon of water.
Easy to mix. Easy to manage.

THE STABLE SOLUTION.

Precise PH control,
compatible with all mediums.

AMPLIFY GROWTH.

Add Stackswell (STAX) to stimulate vegetation. Add SHINE to enhance terpene production.

FLEXIBLE FORMULA.

Allows for maximum compatibility with all additives and supplements.

CONCENTRATE PREPARATION

ADD
1LB
OF DOS PART A

FOR EACH
1GAL
OF FRESH WATER

AND
MIX
THOROUGHLY

GUARANTEED ANALYSIS 8-0-0

Total Nitrogen (N)	8%	Iron (Fe)	0.3%
7% Nitrate Nitrogen		0.3% Chelated Iron (Fe)	
1% Ammoniacal Nitrogen		Manganese (Mn).....	0.3%
Calcium (Ca).....	11%	0.1% Chelated Manganese (Mn)	
Boron (B)	0.02%	Molybdenum (Mo)	0.008%

CONCENTRATE PREPARATION

ADD
1LB
OF DOS PART B

FOR EACH
1GAL
OF FRESH WATER

AND
MIX
THOROUGHLY
